# Brainstorm & idea prioritization

Use this template in your own brainstorming sessions so your team can unleash their imagination and start shaping concepts even if you're not sitting in the same room.

(L) 10 minutes to prepare

**1 hour** to collaborate

**2-8 people** recommended

# Before you collaborate

A little bit of preparation goes a long way with this session. Here's what you need to do to get going.

① 10 minutes

Team gathering

Define who should participate in the session and send an invite. Share relevant information or pre-work ahead.

Set the goal

Think about the problem you'll be focusing on solving in the brainstorming session.

Learn how to use the facilitation tools Use the Facilitation Superpowers to run a happy and productive session.

## Define your problem statement

What problem are you trying to solve? Frame your problem as a How Might We statement. This will be the focus of your brainstorm.

5 minutes

#### **PROBLEM**

the retailer need a way to managing a inventories, and purchase details so the he/she can successfully run business and manage balanced stock

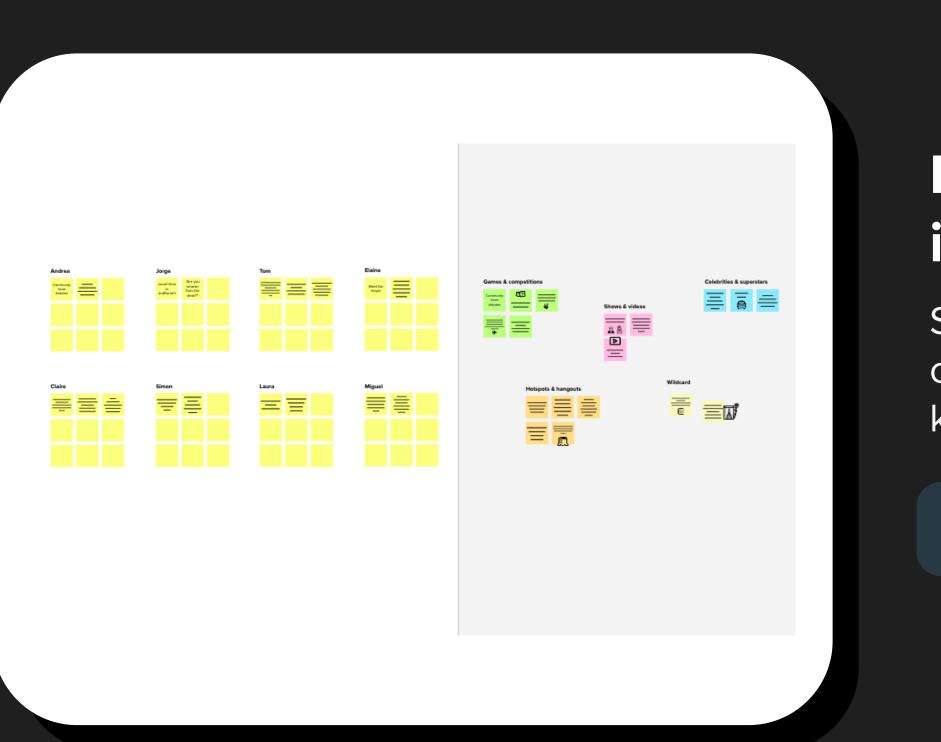

Defer judgment.

Listen to others.

If possible, be visual.

### Brainstorm

Write down any ideas that come to mind that address your problem statement.

① 10 minutes

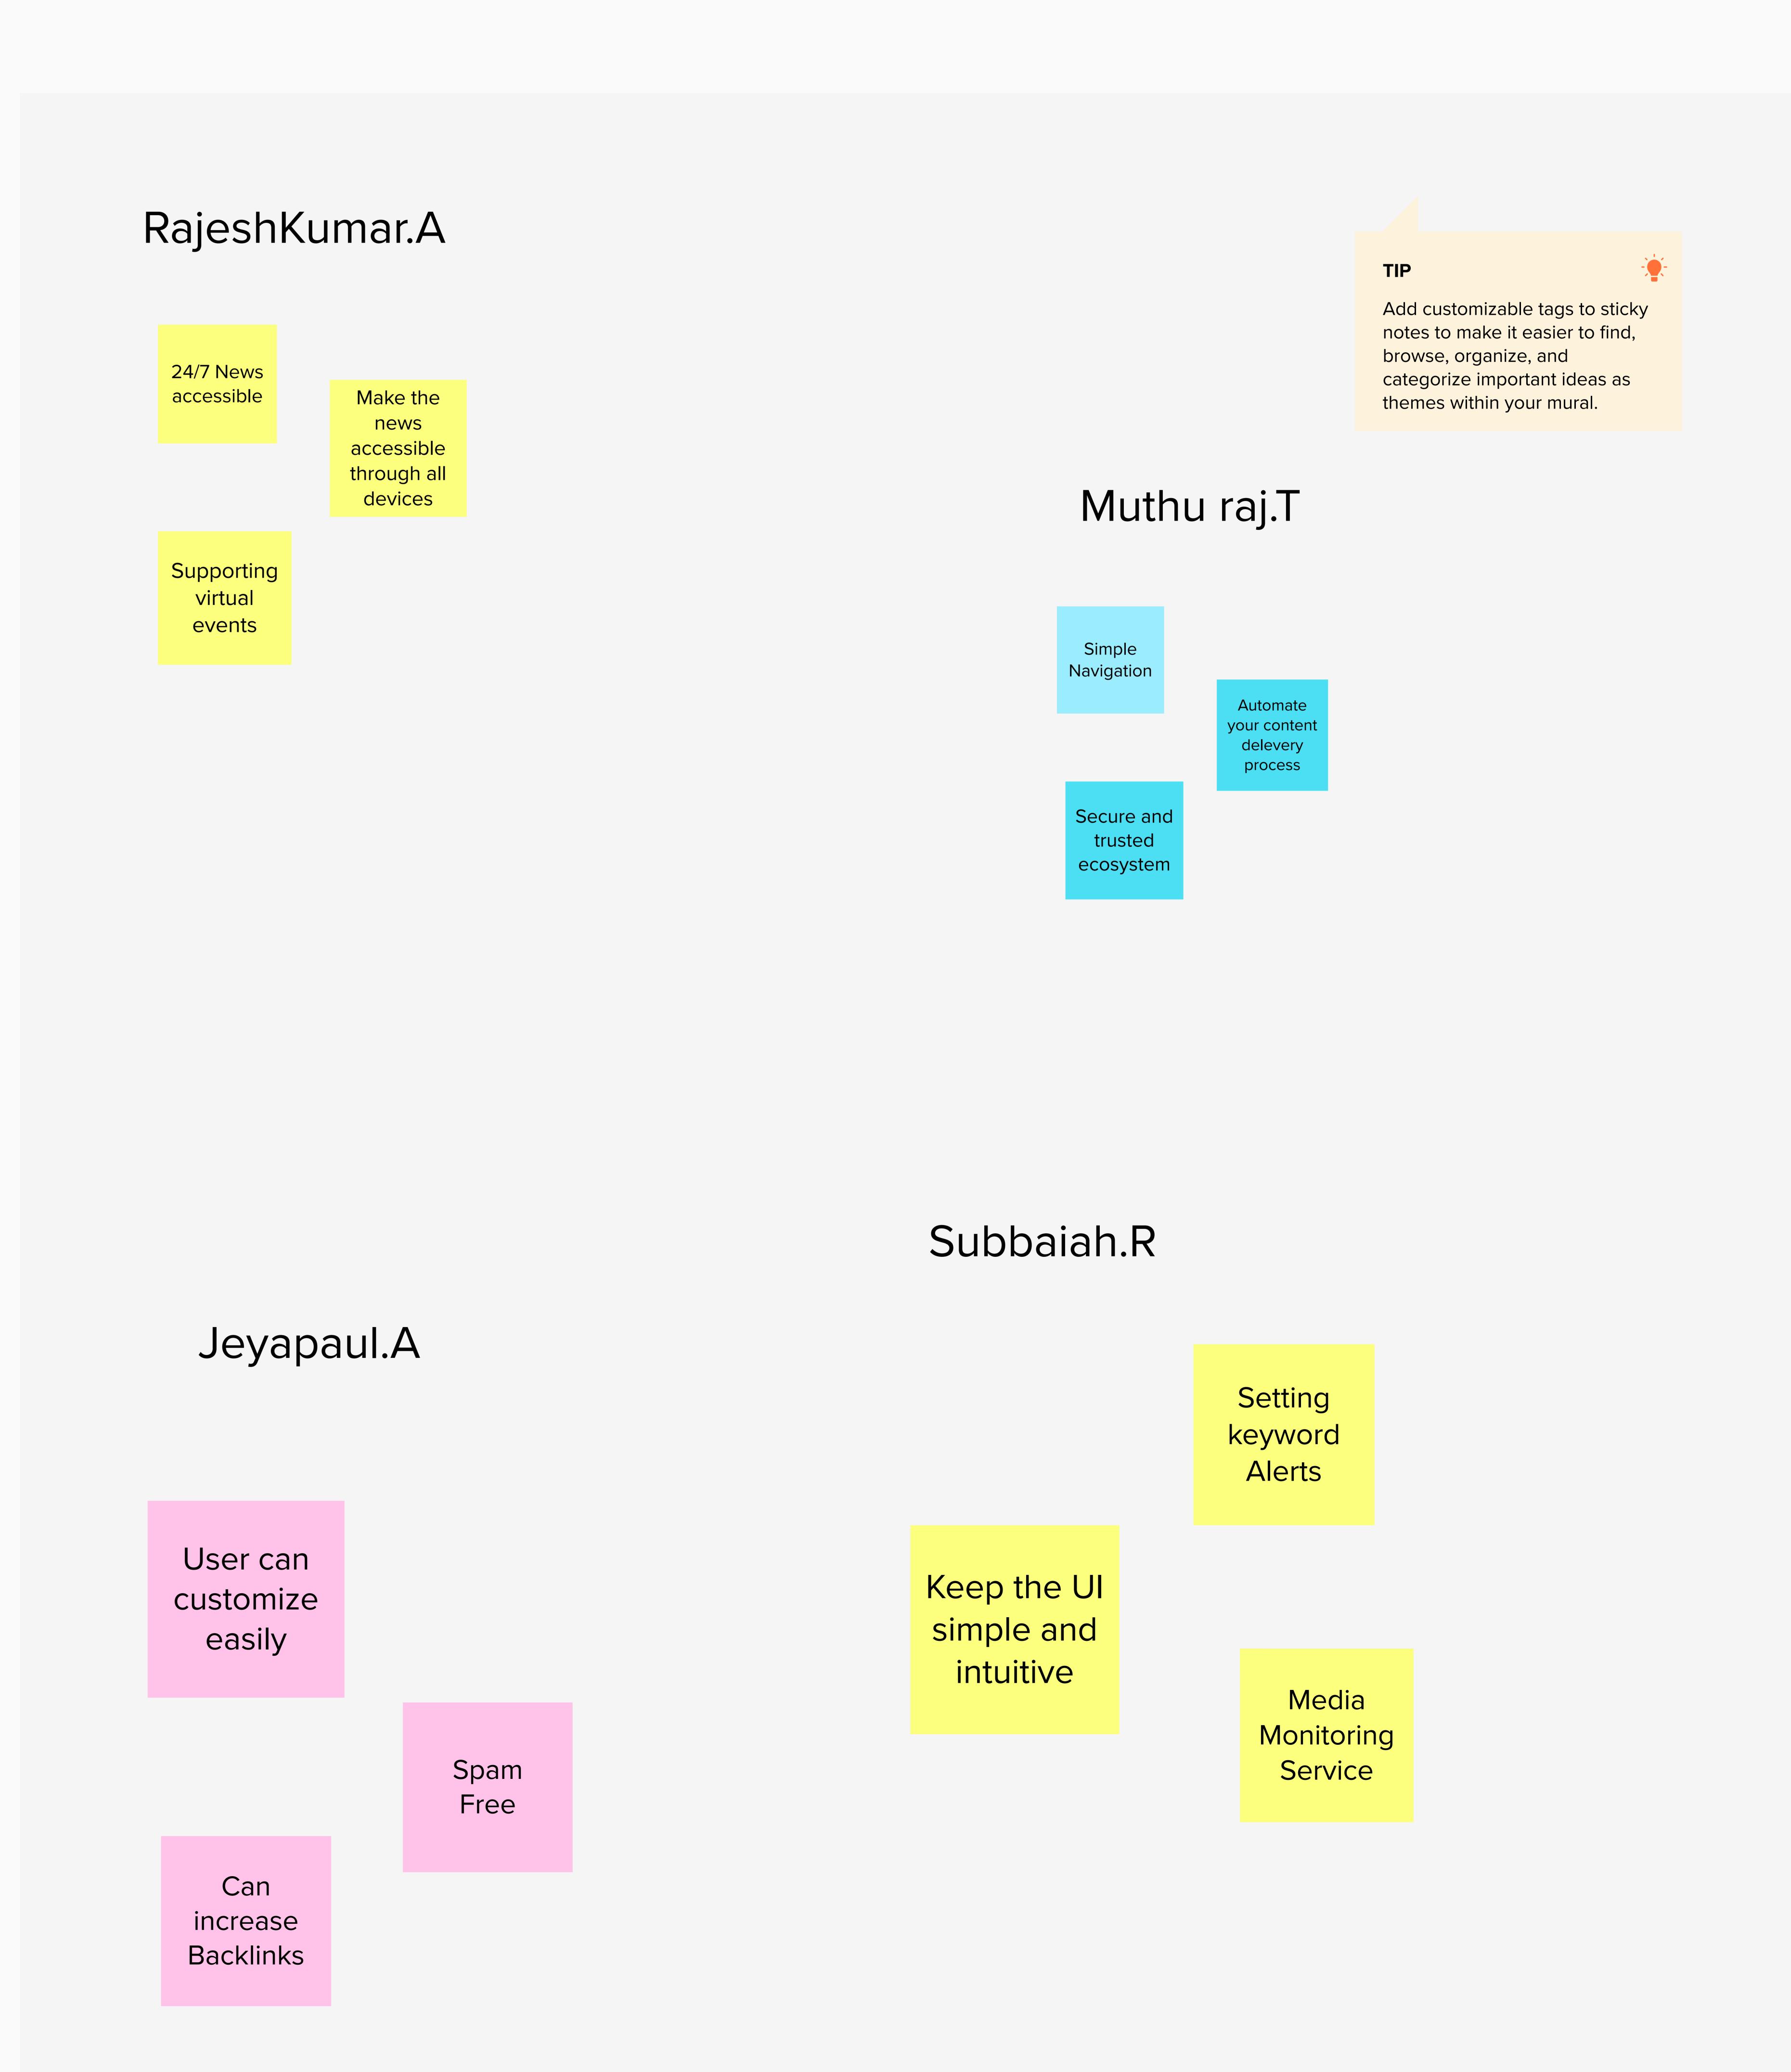

Rajesh Kumar.A			Mι	Muthu raj.T			•	Jeyapaul.A				Subbaiah.R		
Focus on lead	Deliver news, according to the persons internet	Keep the news relevant and short	re prod	nage the return duct and st items	Proper planning for future sell	Maintain the sale data		Periodically check the availability	Income level should be growing	Best customer analysis		Not over sell same product	Generating backup data for future use	Check the damage product from the manufacture
Improved OnTime Performance	Track how often user visit are	Use only trusted sources	pur	Maintain the Irchased data	Always analysis the average inventory consumed	Verification of product received in warehouse		keep eye on excessive inventory	Performance and Purchase decision	fast in response level to customer ( instant product seilling		Keep monitor on the product expiry	Report for daily sales	Report for high selling product
Receive only the information you need	maintain the service level	maintain the level of inventory in seasonal time . it may be low in stock	me in EMI,	ayment nethod nclude I,cash on elivery	Analysis the money income and outgoing	Analysis high selling product		Worst customer analysis	For regular customer automatically order place	Best customer analysis		Customer feedback system	Tracking the location and time of delivery	Offers for the regular customer

## Group ideas

Take turns sharing your ideas while clustering similar or related notes as you go. Once all sticky notes have been grouped, give each cluster a sentence-like label. If a cluster is bigger than six sticky notes, try and see if you and break it up into smaller sub-groups.

① 20 minutes

#### Prioritize

Your team should all be on the same page about what's important moving forward. Place your ideas on this grid to determine which ideas are important and which are feasible.
